

IARCE 2022

CALL FOR PAPER

2022 International Conference on
Industrial Automation, Robotics and
Control Engineering

Chengdu, China
October 14-16, 2022

Topics of interest

- Mechatronics, Robotics, Automation
- Autonomous robots
- Intelligent Autonomous Systems
- Behavioral decision making
- Intelligent Fault Detection
- Intelligent Transportation
- Command and control systems
- Control system applications
- Linear Control
- Machine Learning in Control Applications
- Please visit the conference website for more details:
www.iarce.org

- Nano-material
- Data fusion and mining
- Decision support systems
- Distributed decision making
- Dynamic systems modeling
- Modeling, Simulation and Architecture
- Nonlinear Control
- High speed communication
- Neural Networks based Control Systems
- ...

Keynote Speaker

Prof. Huosheng Hu
Fellow of IET & InstMC, the
senior member of IEEE
University of Essex, UK

Key Dates

- Abstract Deadline: August 5, 2022
- Full Paper Deadline: Aug. 15, 2022
- Final Registration: Aug. 30, 2022
- IARCE 2022 Conference: October 14-16, 2022

Submission

- Please submit your research paper through the online Submission System(Click).
- With any questions, please contact us via the conference official email: iarce@hksra.org.

Contact Us
